SAKE

For our Japanese Sake we have selected a house in the traditional heartland of Japanese Sake Breweries; Hyogo Prefecture. The water here is perfect for brewing and it is also the home of the so-called 'king of rice': Yamada Nishiki. Akashi-Tai Japanese Sake offer us a premium and wide range of very high-quality sake. They recommend for the most part serving their sake chilled and in a western environment in a wine glass.

Should you wish your sake to be served warm, please let us know as we have very fine traditional ceramic Japanese serving sets comprising a tokkuri (flask) and ochoko (cups) for the purpose should you prefer the 'full Japanese experience!'
